## Goods & Services Contributions

These are contributions your campaign received that was not money. You must reasonably estimate and record the market value of the goods and services.

- ✓ \$2500 in market value is the maximum allowed per person or organization, unless it is for transportation or accommodation services during the election.
- ✓ Volunteer labour is not considered a contribution, unless the volunteer would usually charge for the service they are providing the campaign.

**Market value** means what something would cost if you had to pay for it.

- If someone donates a pair of mitts that you use as a door prize for your campaign gathering, the price those mitts would normally have sold for would be their market value.
- If a company donates airline tickets or accommodations, the market value would be what that ticket or accommodation would normally have cost.

We should be able to resolve this well before the 19th.

To be clear, the restriction on contesting future elections is if we do not meet the Jan 19th deadline, correct?

If you are unable to submit your return until Jan 19. You can ask for an extension with valid reasons and we will consider the request.

Please note neither you nor your financial agent can contest any elections for the next 5 years . Your names will also be published in the non compliance list.

Hi guys,

Apologies for the last minute return. We've had some issue. My father and Financial Agent Jack Anawak has been in Ottawa escorting a patient who is under terminal care and does not have long to live. As such, he has not been able to sign this return yet. Similarly I have not been able to find a notary over the holidays.

See attached everything including my initials, but we will have to figure out how to have my dad sign with a notary and i can get a notary to sign as soon as I can find one.

Note that my father is still with the patient in terminal care and may require some time before he can respond.
