Goods & Services Contributions

These are contributions your campaign received that was not money. You must reasonably estimate and record the market value of the goods and services.

- ✓ \$2500 in market value is the maximum allowed per person or organization, unless it is for transportation or accommodation services during the election.
- ✓ Volunteer labour is not considered a contribution, unless the volunteer would usually charge for the service they are providing the campaign.

Market value means what something would cost if you had to pay for it.

- If someone donates a pair of mitts that you use as a door prize for your campaign gathering, the price those mitts would normally have sold for would be their market value.
- If a company donates airline tickets or accommodations, the market value would be what that ticket or accommodation would normally have cost.
