Nunavut Elections Act

Introduction

Purpose of this Manual

This Manual is designed to provide a better understanding of judicial recounts carried out under the *Nunavut Elections Act* (“NEA”). This Manual is designed for reference purposes only. It is not an official statement of the law. It does not take precedence over legislation. The relevant provisions of the *Act* should be read. The Manual can be found on Elections Nunavut website - www.elections.nu.ca, in the Documents and Legislation section.

The titles of the forms used in this Manual are first shown in **bold**. You will find samples of all forms and materials in the Appendix. Word versions of all forms are on a CD attached to the back cover of this Manual. An electronic copy of the *Nunavut Elections Act* is also attached.

Note: This manual is to be used with a Judicial Recount Kit. Elections Nunavut prepares a kit for each recount.

Automatic Recounts

Judicial recounts are automatic where there is less than 2% difference between the votes cast for the winning candidate and those cast for the candidate who came in second place. These are the most common form of recount. (*NEA s. 142*)

Voter Application for Recount

Judicial recounts may also take place upon the application of a voter where there is evidence that election officers have incorrectly counted, tabulated or rejected ballots. (*NEA s. 143*)

Does Not Cover Voiding an Election

This Manual deals only with judicial recounts. It does not address applications to void an election. (*NEA s.154 - 161*). Allegations that the elected candidate was not eligible to be a candidate or that there were irregularities, fraud or illegal practices that affected the result of the election can be addressed only by an application to void an election.

Glossary

Affidavit: A sworn statement that tells the Court facts known to the person making the Affidavit.

Affidavit of Service: A sworn statement that tells the Court when each candidate, financial agent or other person was given a copy of a document, e.g. a copy of the Application.

Application for Recount: The formal document asking the Court to conduct a judicial recount. It is filed by the RO in the case of an automatic recount or by a voter who wants the Court to conduct a recount because there was an irregularity in the counting of votes.

Chief Electoral Officer (CEO): The CEO is in charge of Elections Nunavut. The Commissioner of Nunavut appoints this person to oversee the *Nunavut Elections Act*.

Constituency: A constituency is a geographic area. The voters in each constituency elect a Member of the Legislative Assembly.

Counterfoil: The extra tab on a ballot. The Deputy Returning Officer rips it off just before the ballot goes in the ballot box.

Court: The Nunavut Court of Justice in Iqaluit.

Clerk of the Court: The staff person appointed to be in charge of managing documents for the Nunavut Court of Justice.

Deputy Returning Officer (DRO): The election officer in charge of a polling station. A DRO makes sure voters and candidates follow the law in the polling station. They give out the ballots and count them.

Elections Nunavut: The office and staff of the Chief Electoral Officer. These people run and organize territorial elections.

Election Report: The election report shows how many votes each candidate got. The RO fills it out when they have reviewed the statements of the poll from Election Day. If needed the RO can delay the election report for up to two weeks after Election Day.

Financial Agent: The person who handles all the money for a candidate's campaign. The financial agent takes contributions, pays all the expenses and submits a financial return after the election. They are appointed by the candidate and must sign the declaration of candidacy.

Judicial Recount: A judge of the Nunavut Court of Justice counts all the ballots for a constituency again.

Judge: A judge of the Nunavut Court of Justice.

Notice of Recount: The formal notice from the Court telling the RO and candidates when the Judge will conduct the recount.

Rejected Ballot: A ballot that is marked in the wrong way or a way that identifies the voter. It is not a valid ballot and is counted separately.

Returning Officer (RO): The Election Officer in charge of a constituency. Returning Officers appoint Assistant Returning Officers, Deputy Returning Officers, Poll Clerks and Registration Clerks for each poll. Returning Officers oversee everything about the election in their constituency.

Special Ballot: A way to vote if you're away at school, on vacation, in hospital or at a treatment centre or jail. Other people who need or want to vote by mail can also use a special ballot. You apply to Elections Nunavut to get a special ballot, which must then be mailed back.

Spoiled Ballot: A ballot that is improperly printed, ruined or spoiled and cannot be used. E.g. a voter has marked the wrong candidate and wants to do it again. The DRO will give the voter another ballot to mark. The Spoiled Ballot is not put in the ballot box and is not counted.

Swear: A formal, religious promise that something is true. A person gives their word and swears on the Bible that something is true. Similar to affirming, an oath, or a statutory declaration.

Writ: The official notice to say there is an election. The Chief Electoral Officer sends it to each Returning Officer. Each RO posts the writ in their office.

The Return of the Writ is the backside of the writ. It shows who won the election. The RO fills it out and sends it to the CEO after Election Day. If a candidate wins by acclamation the RO fills out the return of the writ right away.

What is a Judicial Recount?

After a poll closes on Election Day, teams of deputy returning officers and poll clerks count the ballots for each poll in the Constituency.

A team formed of a deputy returning officer and a poll clerk counts special ballots received at the Chief Electoral Officer's office.

A judicial recount must occur automatically where the number of votes separating the candidate who received the most votes and any other candidate is less than 2% of the votes cast.

A judicial recount can be held when a voter applies to the Court and gives credible affidavit evidence that there was an error in counting the votes.

A judicial recount means a judge of the Nunavut Court of Justice will actually recount all the ballots cast at the election.

The procedures for a judicial recount in respect of an election are provided for in sections 142 to 152 of the *Nunavut Elections Act*. These sections are included in this manual.

Recounts do not occur when someone complains that there were violations of the *Act* like fraud or other illegal acts. Those allegations are dealt with through an application to void an election. Any person who believes that there was a violation of the *Act* should inform the RCMP. A written complaint can be sent by mail or fax to any local RCMP office. It is the duty of the RCMP to investigate complaints of violations or misconduct.

Automatic Recount Procedure

When

1. This is the most common form of recount.
2. A recount is automatically required in an election when the difference in votes between the top two candidates is less than 2% of the total number of votes cast in the Constituency.
3. In making this calculation, rejected ballots are not counted.
4. The procedure is by making an Application to the Nunavut Court of Justice in Iqaluit.

RO makes application

5. The Returning Officer must make the recount application. Use the form: **Application for Judicial Recount (Returning Officer version)**.
6. The Court may dismiss the Application, before or during the hearing, if it appears to be frivolous, vexatious or unfounded. However, this is not likely in the case of an automatic recount.

Filing at Court

7. The Application must be filed with the Court. Normally, Elections Nunavut sends the Application to the Clerk of the Court by fax or email. There is no fee for filing this Application.
8. A staff member of the Court receives the Application and date stamps and files it.
9. The Court assigns a file number to the Application. This file number must be included at the top of all court documents.
10. The Court may order the production of additional information or documents.

Serving copies of documents

11. Elections Nunavut serves a copy of the Application on the candidates or their financial agents.
12. After each candidate / financial agent has been served, the returning officer must fill out an affidavit of service explaining how and when the notice was served. Use the form: **Affidavit of Service (Returning Officer version)**.

Date and Time

13. The Court decides on the date, time and place to conduct the recount.
14. The date must be within 10 days after the Court receives the Application, or as soon as possible thereafter.
15. The Court may extend the time limits respecting recounts.
16. Once the Court has chosen a date for the recount, the Court will issue a summons to the returning officer to attend at the Court with the election material. Use the form: **Summons to Returning Officer**.
17. The Clerk of the Court is responsible for notifying each candidate of the date, time and place of the application.

Attending Court

18. The RO and the CEO attend Court for the recount.
19. Each candidate, or his or her representative, and each candidate's lawyer may attend the recount. During the recount, they are allowed to make any objection that would be permitted under the procedures applicable to the first counting of votes.
20. If a candidate is not present or represented at a judicial recount, any three voters who ask to attend on behalf of the candidate are entitled to attend.
21. No other person shall be present at the recount except with the permission of the judge.

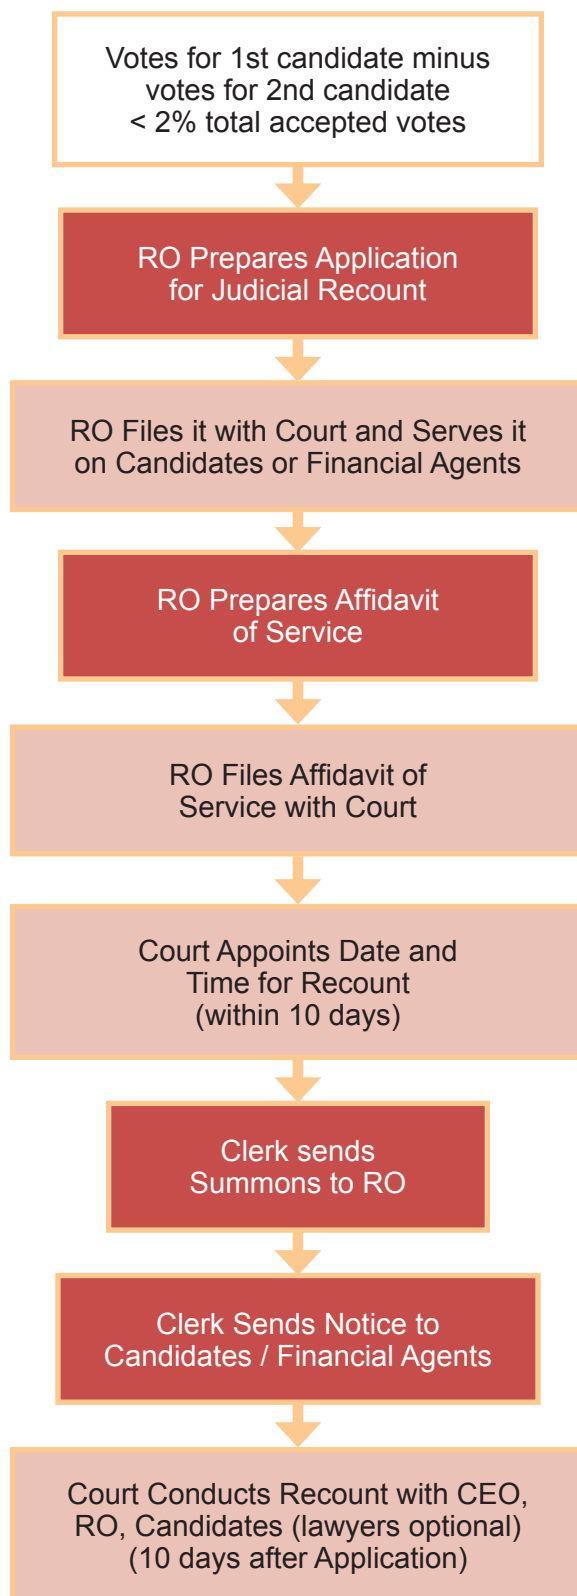

Conducting Recount

22. On the day appointed for the recount, the Court will begin a physical recount of all the ballots.
23. The spoiled ballots are not counted.
24. All other ballots cast in the constituency must be recounted, including the rejected ballots.
25. The ballot boxes for each Poll must be opened one by one. The ballots for each Poll should be counted together and the results separately recorded for each Poll.
26. If a Poll was combined with another Poll to protect the secrecy of the vote, the results also should be combined.
27. Only the Judge, the Court Clerk or persons authorized by the Judge are permitted to touch and handle the envelopes, documents and ballot papers. However, any party may ask to see how each ballot paper is marked.

Results of Recount

28. At the conclusion of a recount, the Judge seals all the election material and certifies the number of votes cast for each candidate.
29. The Judge sends a copy of the certification to the candidates and Elections Nunavut.

3. The Chief Electoral Officer, who is a voter, can also use this procedure in appropriate cases.
4. This application can be made in any election if there are appropriate grounds. It can be made when there is no automatic recount or at the same time as an automatic recount, but that case is not very likely.
5. The Court may dismiss the application, before or during the hearing, if it appears to be frivolous, vexatious or unfounded.

Deadline

6. There is a short deadline for this type of recount.
7. The voter must make the application before the end of the 8th day after the declaration by the returning officer of the result of the election in the constituency.

Limited reasons

Date and time

21. The Court decides on the date, time and place to conduct the recount.
22. The date must be within 10 days after the Court receives the application, or as soon as possible thereafter.
23. If the Court so orders, the voter must give the Court and other parties additional information or documents.
24. The voter can ask the Court to extend the time limits respecting recounts.

25. Once the Court has chosen a date for the recount, the Court will issue a summons to the returning officer to attend at the Court with the election material.

Attending Court

27. The voter must attend the recount.
28. The returning officer and the CEO will also attend the Court for the recount.
29. Each candidate, or his or her representative, and each candidate's lawyer may also attend the recount.

31. No other person shall be present at the recount except with the permission of the Judge.

Making arguments

32. The voter must be prepared to justify why there are reasons to hold a recount. There are only the three reasons (explained above) that justify this.
33. The CEO, RO and the candidates may make arguments too.
34. On the day appointed for the recount, the Court will hear the arguments from the voter and decide whether to proceed with a recount.
35. If the voter justifies the recount, the judge will begin a physical recount of all the ballots.
36. Candidates are allowed to make any objection that would be permitted under the procedures applicable to the first counting of votes.

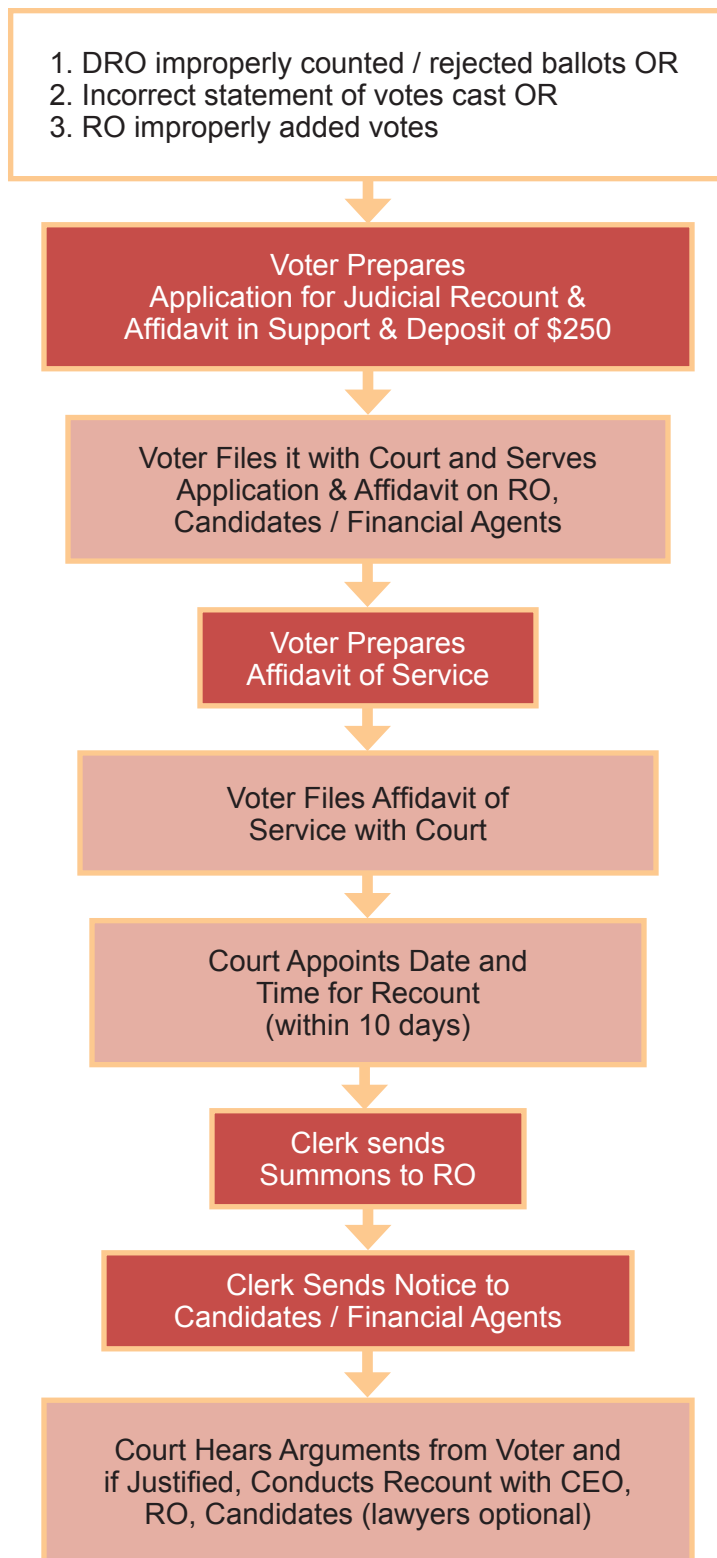

Conducting the Recount

37. All the ballots cast in the constituency must be recounted, including the rejected ballots.

Results of Recount

40. At the conclusion of a recount, the Judge seals all the election material and certifies the number of votes cast for each candidate.
41. The Judge sends a copy of the **Certification of Results of the Recount** to the candidates and Elections Nunavut.

Number of votes for 1st Candidate = _____ (N1)
Number of votes for 2nd Candidate = _____ (N2)
Total votes cast for all Candidates = _____ (T)

Returning Officer

Are there grounds?

1. The RO must decide if a recount is automatically required.

Number of votes for 1st Candidate = _____ (N1)
Number of votes for 2nd Candidate = _____ (N2)

13. Once the Court decides on the date and time for the recount, Elections Nunavut will send the RO a copy of the form: **Notice of Judicial Recount**.
14. The RO serves a copy the **Notice of Judicial Recount** on each of the candidates.
15. The RO completes another **Affidavit of Service for the Notice of Judicial Recount**. The RO brings the original of this affidavit to the Court in Iqaluit.

Attending court

16. The RO will get a flight and hotel booking from Elections Nunavut for attending the Court recount.
17. The RO must attend the recount hearing, which is normally in Iqaluit. The CEO will also attend.
18. Elections Nunavut will NOT pay for candidates to attend the recount in Iqaluit.
19. The RO must send all the sealed ballot boxes from the constituency to the Court directly or to Elections Nunavut in Rankin Inlet. Check with the CEO.

23. On the date and time of the recount, the Judge will begin a physical recount of all the ballots.
24. The step-by-step details of the recount procedure are set out in the next section.

Step-by-Step Recount Procedure in Court

Recounting the Ballots Cast at Each Poll

Step 1 – Opening the Ballot Boxes

- ☐ Opening the ballot box for each Poll
 - Ballot boxes should be dealt with one at a time
 - After being opened, the contents of the ballot box should be placed on the table
- ☐ Assistance
 - The judge can use clerical assistants to perform the recount
 - Usually, this is done by the CEO / RO or someone from Elections Nunavut
 - If the judge wants to use another person, it is subject to the approval of the Chief Electoral Officer

Step 2 – Recounting the Ballots

See *NEA s. 131(3) and (5)*

- ☐ Separate and select only the following envelopes
 - Envelopes of all valid (accepted) ballots for each candidate
 - Envelope of any rejected ballots
- ☐ Open the envelopes of valid (accepted) ballots for each candidate at the Poll
- ☐ Recount the ballot papers
 - Unfold one ballot paper at a time
 - Call out the name of the candidate for whom the ballot paper has been marked
 - Place each candidate's ballot papers in separate piles on the table
- ☐ If counterfoil is still attached to a ballot paper
 - the Judge should remove and destroy the counterfoil without reading the serial number or allowing anyone else to read it
 - The ballot cannot be rejected just because the DRO did not remove the counterfoil
- ☐ Recording the recount on **Tally Sheets**
 - A person selected by the Judge will keep a written record of the recount using a Tally Sheet
 - An X is made on the Tally sheet as name of a candidate name is called out
 - Any other party who is present and witnessing the recount may use extra tally sheets for their own record

- ❑ Rejecting a previously accepted ballot
 - If the Judge finds a ballot that was accepted but should have been rejected, the judge should set it aside
 - The ballot should be placed with the envelope of rejected ballots
 - See Step #3 for when to reject a ballot

Step 3 – Dealing With Rejected Ballots

- ❑ Open envelope of rejected ballots for the Poll
 - This envelope is opened after all the accepted ballots for a poll have been recounted
- ❑ Examination of rejected ballots
 - The Judge examines each ballot previously rejected by the DRO
 - The Judge checks that each of these ballots was properly rejected
 - Only valid reasons to reject a ballot should be followed
 - There are also some special reasons NOT to reject a ballot
- ❑ The only VALID reasons to reject a ballot are:
 - Ballot was not supplied by the Chief Electoral Officer or DRO
 - Ballot was not marked in favour of a candidate
 - Ballot was marked in favour of more than one candidate
 - Ballot was not marked with only a cross or checkmark or other mark clearly indicating the voter's intention
 - Ballot was marked in a place other than the circular space provided
 - Ballot was marked in a way that might identify the voter
- ❑ The following are NOT VALID reasons for rejecting a ballot:
 - In the case of a special ballot, the voter incorrectly spelled the name of the candidate but the ballot does clearly indicate the voter's intention
